

Uranus LED Linear High Bay

Uranus LED High Bay is for workshop, warehouse, indoor stadium or other industrial place. It is an ideal replacement for Induction lamp, metal halide or HID lamp, pure aluminum heat sink enables the lumen efficacy higher.

Uranus LED Linear High Bay

Features:

- 3D professional heat dissipation structure
- Big adjustable beam angle screw lock mounting, brackets adjustable $\pm 50^\circ$
- Full aluminum sheet metal process, more perfectly heat dissipation
- High brightness and CRI with SMD3030 LEDs
- Hanging chain mounting/bracket mounting
- IP65 rating

Materials:

- Body: Aluminum-Alloy Die Casting
- Cover: Polycarbonate

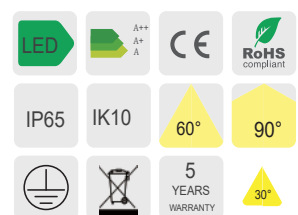

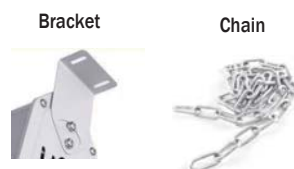

Options:

- 1-10V
- DALI

Colors:

- Silver

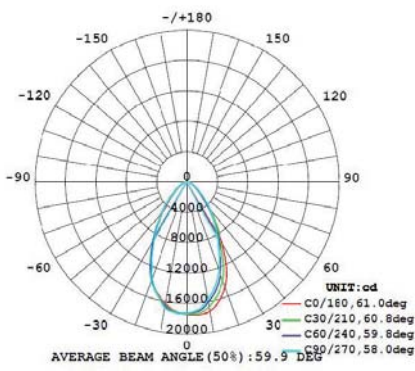

Accessory:
